A child Care Institute

TABITHA HOME

Tabitha Home is a childcare institution majorly catering to children infected and affected by HIV/AIDs. The children's home celebrated the successful completion of its 15th-year service to this marginalized group of people on the 19th of August 2023 and was founded on the 19th of August, 2008. Today, it resides on the outskirts of the Imphal city under the bosom of God-gifted nature surrounded by mesmerizing landscape, clean air, and safe water. The Children's Home has a capacity and a total inmate of 50 children. It was recognized and honored as the only children's home for girls infected by HIV/AIDs in Manipur by the government of Manipur on 1st December 2022.

EDUCATION

We can proudly claim that Tabitha Home is the only children's home in Manipur providing private education services to its inmates. (Public higher secondary and Christ Jyoti School)

Besides that, they are also being provided with within-campus quality tutorial courses for Maths, Science, Social Sciences, Hindi, English and other needed subject

HEALTH

Tabitha Home specializes in care and services for children and individuals, especially those infected and affected by HIV/AIDs.

A medical staff and a nurse are present on campus 24/7 for the welfare of the children. Diet, nutrition, supplements, and medicine intake are well-monitored and their health check-up is done regularly.

Not only that, A mental health practitioner is provided throughout the day for the mental health and support of the children.

TRAINING AND OPPORTUNITIES

Staying true to the mission of the organization, the children's home understands the cruciality and the need to upskill the children to face the outside world.

The children are thus provided with different training based on one's skills and talents such as music, culinary art, photography, etc. The children are also taught practical valuable life skills such as commuting and transportation, financial management, decision-making skills, etc

HEALTH CAMP

In the absence of the Health & Medical facilities in the rural areas, almost all the Hill Districts of Manipur, except Churachandpur-southern district of Manipur. We are compelled to take initiative for health care for the people living with HIV/AIDS (PLWHA). An urgent need arises to mobilize those patients living in the remote village to bring them down to Imphal State Capital for accessibility of health facilities.

The main reasons for the Medical/Health Camps were:

1. Self awareness about HIV/AIDS
2. To identify and establish relationship with Doctors and ART Centres for the future references
3. To build up rapport with service/ support institutions/groups/individuals and Govt Departments.
4. To do advocacy and lobby against discrimination and social stigmatizations

OLD AGE HOME- UKHRUL

Elders are considered to be spiritual leaders and teachers who provide pragmatic guidance and advice on how best to improve and ensure the physical, mental and spiritual health of the community and to pass on the parenting experiences to their offsprings.

THIS PROGRAM IS SOLELY AN INITIATIVE OF THE ORGANIZATION AND IS NOT FUNDED OR BACKED UP FINANCIALLY BY ANY INSTITUTIONS

OUR SPECIAL FACILITIES

This initiative is also a gratitude to our parents who with much love and care raised us up " Who we are today is what and how they mold us ". Therefore with a deep sense of acknowledgement and love, we dedicate this Senior Citizen Home of Ukhrul to all our elderly persons for their commitment, patience and tireless efforts.

Referral services

NSCP has been providing health services such as referral and network with service institutions such as JNIMS, RIMS, PHC/PHSC and other private establishments or various departments and organization for the people living at the border villages and remote areas where there is no proper Communication – Roads Transportations , Internet connectivity, Health and Education setups etc

”

At the same time with closely network with state Enforcement agencies and concern department for better cooperation and mutual understanding. We have healthy rapport with the existing service organization/institutions and with like minded organization at the State, Regional, National and International community

Income generative project

NSCP has been a self-sustaining, charitable service institution by choice since its inception. Our means of income generating activities are: 1). Piggery, 2). Floriculture, 3). Catering Service, and event management. All these proceeds go to the welfare of the organization.
