

Annual report 2021-2022

Networking Services for Community Participation

Letter from our Director

Motto: “ EXCELLENCE IN SERVICE”

Thanshok Kamkra

Dr Thanshok Kamkra, Director NSCP

I believe that there is no shortcut to success in reaching our goals without commitment and hard work with values of sincerity that only keep promises to yield fruits in our endeavor to strive for socio-economic changes. Over the last few years, the NSCP has been privileged to serve the people in a larger avenue for the poor-poorest, marginalized, and vulnerable children with significant interest in our work, requests from different stakeholders for support on issues concerning the overhauling changes in environment, socio-economic, Tribal youth and unemployment and its subsequent youth unrest with Insurgency, alcoholism, Drug addiction, Tobacco use, and cancer-related issues

Increased focus on government-driven initiatives aimed at raising awareness in rural communities about nutrition and prevention & control of communicable diseases such as Covid 19, TB, HIV, etc.. The team has diversified, with NSCP now being engaged in projects across Manipur. While these changes are still nascent and will continue to be so for the next few years to empower youth to cope with their generation's transitional issues by themselves, with power and confidence to protect them. Finally, I would like to thank all the staff members of NSCP & Tabitha Home who stood together to provide all support and to show their excellence in work.

Letter from our Chairman

“Our values remain the driver of our operations

Rev Th Brojen, Chairman NSCP

The Networking Service for Community Participation(NSCP) focuses our efforts on creating a positive, measurable impact in three primary areas- education, health, and financial stability in the North Eastern Region of India in general and the Manipur state in particular for the year 2021-2022 opens up yet another chapter with interest in success in the field of building up social awareness on socio-economic development for the poor people, the majority of whom are staying in Rural areas of Manipur. The broad spectrum of activities and their success rate speaks volumes about the dedicated work taken up by the members of Networking Service for Community Participation. It has been a successful year marked with many uphill and challenges and this annual report outlines our progress in community development with much practical effort made at the grassroots, I hope you have been looking forward to this report which is going to be about exploring new paths and horizons. It's a year of innovation, testing scale methodologies, and strengthening processes internally so that we make our foundation stronger as we keep growing. A huge Thank You to all our Board members, Advisors, Donors, Partners, Volunteers, and Well-wishers. This wouldn't have been possible without you.

Emphasizing quality over quantity

Mission

Our focus is to mold Children, help Women, people living with HIV/AIDS, Alcoholics and Drug Addicts, Cancer patients, Physically challenged, economically poor by rendering practical service.

Vision

We envisaged opportunities and promising future for the coming generations with a modest vision of helping the helpless and needy through humanitarian services", show the door and offer hope to hopeless, through Education, self reliance, to the youths of tomorrow's pillars that our next generation will lean.

Our Core Values

We are committed to reaching out Yeoman Service to those target groups who have been „out of reach“ by sharing our privileges to unprivileged people and offer opportunities and services to undeserved people with virtues as we valued.

Geographical description of the reach and beneficiaries of NSCP

Tabitha Children Home

What year was it founded in

Tabitha Home was started in the 2nd of April, 2008

How is it different from any other Child Care Institution or Children's Home in Manipur

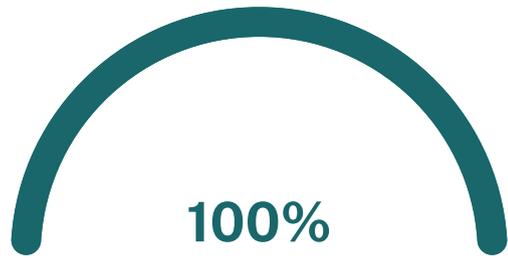

Tabitha is the only CCI for HIV/AIDS infected and affected girls in the entirety of Manipur

Our methodology of working with children

As stated by the Juvenile Justice Act 2015, it is always best to consider the best interest of a child. Therefore, in our approach to working with children, we have adopted a strategy focusing on the overall growth of the child while they act as active stakeholders.

Tabitha's Impact in Numbers

100% of our children receives education from private institution

The need for education need not be explained. Tabitha Home ensures every child under our care receives a quality education from reputed educational Institutions and prioritises hand holding tutorial sessions in competitive and needful subjects.

All expenses of the child are covered by the Children's Home

All necessary expenses for practical living for all children under the care of Tabitha home are met by the institution. This is done to avoid the direct interference of any family members friends or relatives. Thus maintaining uniformity and avoiding disparity among children. All expenses irrespective of amount are thus met by Tabitha Home

Health- physical and mental is our utmost priority

Being the only Children's Home for HIV/AIDs infected girls in the entirety of Manipur, Tabitha Home set health as its utmost priority. From timely medication in the form of ART (Antiretroviral therapy), and all the necessary supplements, regular health check-ups and blood works that comes with it.

Life skills, soft skills, vocational training and independent living skills for all the children

Apart from their health and education, Tabitha home realises the need of the children to be skillful and equipped in order to successfully rehabilitate into the society as well as excel in their daily life.

Some activities and events in Tabitha Home

Vocational training

Fun time and recreation

Complete Sustainable Packaging Initiative

Referral Services

What year was it founded in

Tabitha Home was started in the 2nd of April, 2008

Who are the main beneficiaries of this services

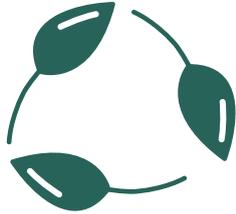

Ailments such as HIV/AIDS, various cancer patients, Diabetics, Liver cirrhosis Alzheimer's patients, TB, and Hepatitis are the most beneficial patients

What led to referral services in the field of health and medicine under NSCP

A health checkup is a follow-up action of the annual Health camp; It's a subsequent course of treatment plan made up of several cycles that might be one week of treatment followed by three weeks of rest.

Our Impact in Numbers

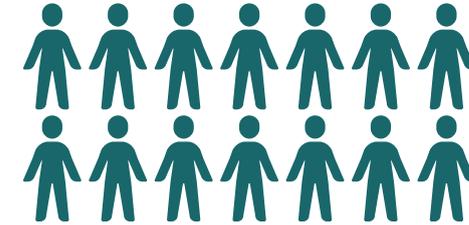

All services availed at NSCP are free of cost..

Services provided by NSCP comes at zero cause. This benefit covers lodging and stay, free food, travel within the city from hospitals to diagnostic centre and doctor appointments accompanied by knowledgeable guide

Discounts and subsidise rates at reputed medical institutions through NSCP

Reputed medical institutions, pharmacies and diagnostic centres who are kind enough to understand the working offers discount and subsidise rates to anyone availing service through NSCP

Benefits and accessibility of government schemes

Serious and eligible patients are also provided with more benefits from the government. This might be schemes they are not aware or not equipped to apply for. NSCP makes it a hassle free experience for all qualifying benefecaries to obtain maximum cost friendly treatment. This extra benefit is a life saver for many individuals hailing from far-flung areas.

A pictorial compilation of our services

A remnant of the COVID-19 pandemic which is positively impacting the functioning of the medical field is the introduction of online consultation. through our referral services in connection with understanding doctors and specialists, consultation, and prescription for first aid, SOS medicine, and sometimes cure for disease depending on the severity of the cases has been easily availed to people in dire need. Door-to-door blood sample collection, and test results delivery through emails and phone numbers are actions that defer from the traditional method of operation in this particular field. however, This new method has been openly and widely accepted by service providers and beneficiaries given that treatment has been made much easier.

Income generative program

NSCP has taken up multiple self-sustaining project to support itself in order to fulfilling its very own mission, vision and objective since inception

All proceeds of this program go to people in need irrespective of background, race, caste or religion through the programs and initiatives under NSCP

Tabitha Flowers and nursery

2

Tabitha event management

3

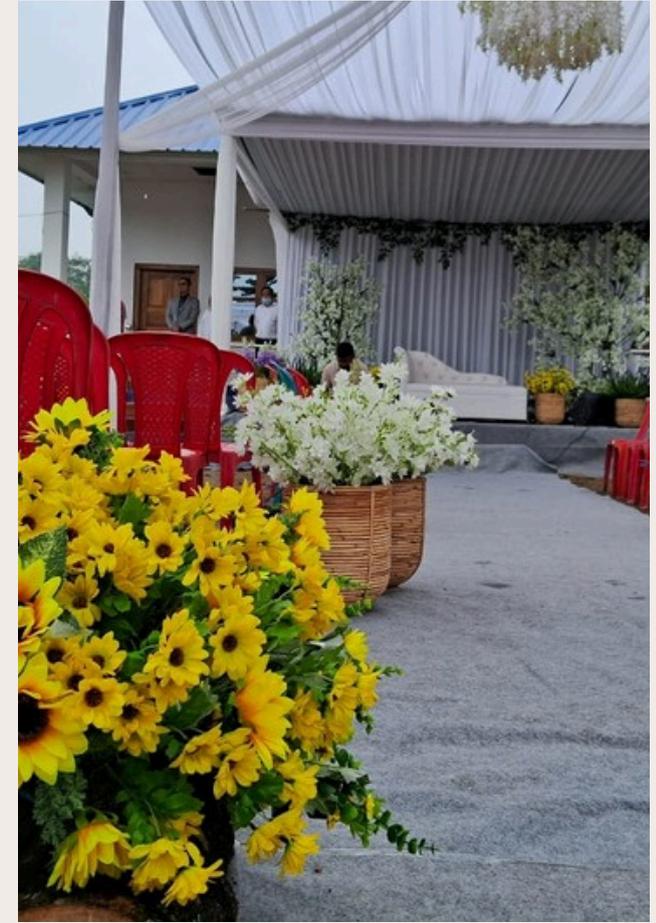

Piggery farming

Tabitha flower and nursery

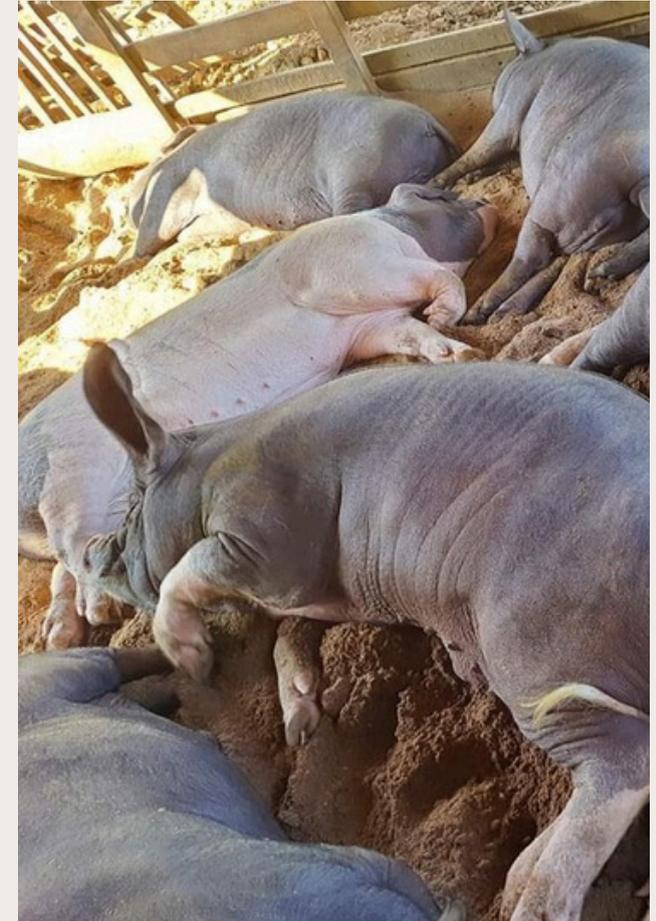

Tabitha flowers and nursery was started in 2004 to fund the annual health camp, an early initiative of NSCP . This nursery and flower plant is still actively in function making it one of the oldest nursery in Manipur

Tabitha Event management

Like the nursery and flower program, Tabitha event management was also started in 2004 making it one of the earliest and longest existence events management houses in Manipur. This events management house provides services to all irrespective of religion, race or caste and socio-economic backgrounds for various functions and ceremonies.

Piggery farm

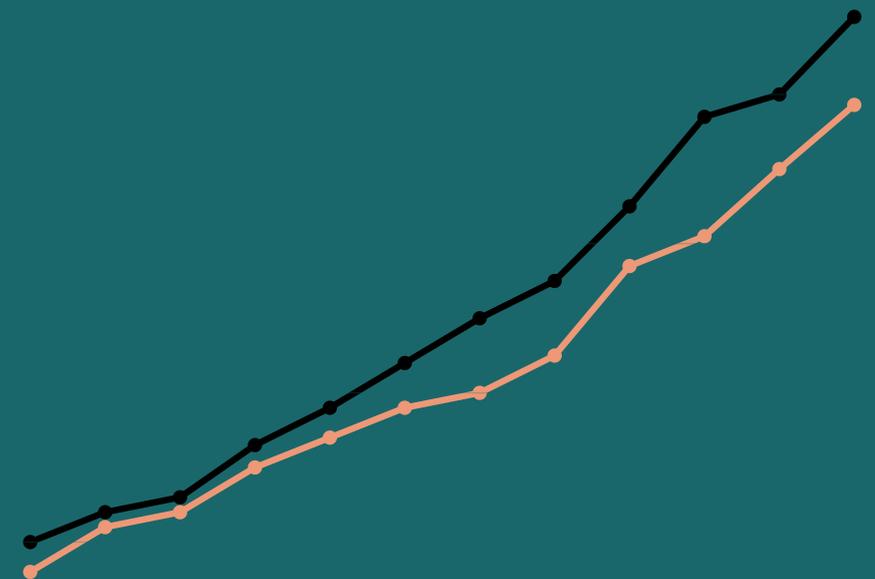

Piggery project been one of the most successful income-generative endeavors, as we understand the pulse of the people and the high demand of pork in the markets. They are available for wholesale, fresh kilo wise sale or at smoked form

Total Revenue

58,65,477

2022

2021

Our goals for the future

Referral services

Learning is such vital important for people living with HIV/AIDS and other contagious diseases to stay connected with service providers for their ultimate survival means as well as prevention & control for the wider benefits of the community at large. more

Old Age project, Ukhrul

Old age care is one of the most challenging tasks in our modern days, due to the fast-paced life and heavy engagement of daily routines on the shoulders of potential caregivers. Hence, bigger accommodations and frequent healthcare activities need to be accompanied in the policy and program

Health camp & mobile clinic

The annual health Camp needs to expand "The Mobile Clinic" with referer services. This project may have a special focus on rural healthcare services. In a state like Manipur, where tribal areas as a whole and people living in the border villages are completely left without Medical facilities.
